📍 Lagos, Nigeria

### TECHNICAL SKILLS

- Data Cleaning and Preparation: Advanced Microsoft Excel and Python Programming.
- Data visualization using tools like Tableau and Power BI
- Database Management: Structured Query Language (SQL)
- Data Handling: Data Entry, Data transformation and manipulation
- Problem-Solving Skills

### EDUCATION & CERTIFICATIONS

UNIVERSITY OF LAGOS B.SC MATHEMATICS & EDUCATION	2019-2024
GOOGLE DATA ANALYTICS PROFESSIONAL CERTIFICATE	2022
PROBLEM-SOLVING USING COMPUTATIONAL SKILLS- UNIVERSITY OF MICHIGAN	2022
DATA CAMP - DATA ANALYTICS	2022-2023

I excel in leveraging analytical tools and languages like Excel, SQL, Python, Tableau, and Power BI to drive insights for organizations, helping businesses unravel their data, comprehend customer behavior, cultivate competitive edges in the global market, and boost profitability through strategic data utilization. As a data analyst and instructor, I'm also committed to empowering students to navigate the world of data analytics, guiding them toward success in this dynamic field.

## EXPERIENCE

### GRAPPLESPACE

#### DATA ANALYTICS INSTRUCTOR 2023

- I led the development of data analytics courses, aligning them meticulously with industry trends and best practices.
- Proficiently taught analytical tools and ensured students gained practical data analysis and visualization skills.
- Oversaw student projects, guiding them through every phase of the project lifecycle.

### SQL QUERY CORNER LEAD INSTRUCTOR 2024

- Founded SQL Query Corner, a platform dedicated to helping individuals enhance their SQL skills through practical examples, tutorials, and project-based learning. I designed it to demystify complex SQL concepts, provide a supportive environment for learners of all levels to master SQL proficiency and unlock new opportunities in data analysis and database management.
